Awareness

"Are we present and aware enough to perceive beauty?

Do we forget our senses are the thresholds of our souls?

Do we listen with the ear of our hearts?

Do we realise that awareness is nearly always about presence?

What is the finest sound in the world?

The music of what happens is the finest sound of all.

I go the soul's way. How is your soul?

(And how about being called?)

"Human tuning forks, catching the rhythm of grace"
